Getting started

Auth consent screen

Choose how you want to connect with your users. You can only add one consent screen.

User Type

Internal ?

Only available to users who have submitted your app for verification.

External ?

Available to any test user in testing mode and will only verify your app. Once your app is verified, it will verify your app. [Learn more](#)

For the API to work, you have to enter your billing information.

If you upgrade before the trial is over:

Any remaining, unexpired Free Trial credits remain in your Cloud Billing account.

You can continue to use the resources you created during the Free Trial without interruption.

You won't actually be paying anything
(unless you use more than 1G of data a **DAY**).
